WINDHAM PTA

"Partners in Education"

January 1, 2018

Dear Parent/Guardian and Student,

The Windham PTA will be awarding two \$500 scholarships to two students of this year's graduating class who are planning to attend college or technical school. This is an excellent opportunity to support plans for higher education. The specific requirements that must be completed to be considered for a scholarship are outlined below. Please review them carefully.

Please note, the student or parent/guardian of the student must be a current member of the Windham PTA to be considered.

Application Instructions

1. Complete the attached application (leave no blanks).
2. Secure at least one letter of recommendation (from teacher, employer, clergy, etc.).
3. Interpret the theme "Continuing my education is important because...: You may use any media desired to interpret the theme (your entry must be clearly labeled with your name).
4. Mail the application and supporting materials, **postmarked by April 15th**, to:

Windham PTA
Attn: High School Scholarship Committee
P.O. Box 6
South Windham, ME 04082

You also may email your application to windhammainepta@gmail.com with your name and "HS Scholarship" in the subject line.

*If your entry cannot be mailed, please contact us to arrange for delivery.

The recipients of this year's scholarship will be notified at Awards Night in June. If selected, the scholarship will be awarded if a GPA of 2.5 or higher is achieved upon completion of the first semester of college or technical school.

Please do not hesitate to contact the PTA at windhammainepta@gmail.com, should you have any questions. We hope to see your scholarship application in the coming weeks! The Windham PTA applauds your efforts to continue your education and wishes you much success.

Sincerely,

Amander N. Wotton
Windham PTA, President
